Action: Request for focused review of Chapter 2 (Dose-Response Analysis) of the Toxicological Review of RDX

Documents: Attached (draft Toxicological Review and draft Supplemental Information documents)

Assessment manager: Lou D'Amico

Priority: High (see below)

Deadline: July 15, 2014

Hi Co-Chairs of the SWG,

Background: Todd has been very involved (and instrumental) in the development of this chapter, and an incomplete version (essentially Chapter 1) was provided to the SWG previously for review; however, a complete draft of Chapter 2 has never been provided to the SWG. Karen started reviewing Chapter 2 prior to leaving the office on annual leave. **Let's discuss if this could be given to someone on the workgroup now or wait until Karen returns.**

Request: The IRIS Program is requesting a focused review of Chapter 2 of the RDX assessment. Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Priority = High. Please commence working on this review. If there are competing priorities or concern about the deadline, **please let me know as soon as possible.** Co-Chairs, please provide any workgroup products to the assessment manager, cc'ing his branch chief (Sue Rieth) as well as IRIS Program management (Samantha, Vince, and Gina).

Thank you for your hard work!
